Filed: March 30, 2004

Docket No.:

115601

For:

SYSTEMS AND METHODS FOR PROVIDING SECURITY IN A VOTING

**MACHINE** 

## RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

In reply to the September 12, 2005 Restriction Requirement, Applicants provisionally elects Group I, claims 89-294, with traverse.

It is also respectfully submitted that the subject matter of all claims 89-340 is sufficiently related that a thorough search for the subject matter of any one Group of claims would encompass a search for the subject matter of the remaining claims. Thus, it is respectfully submitted that the search and examination of the entire application could be made without serious burden. See MPEP §803 in which it is stated that "if the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions" (emphasis added). It is respectfully submitted that this policy should apply in the present application in order to avoid unnecessary delay and expense to Applicants and duplicative examination by the Patent Office.

Thus, withdrawal of the Restriction Requirement is respectfully requested.

Respectfully submitted,

James A.
